Overall Length:

47.000 inches

Overall Height:

1.250 inches

Overall Width:

7.500 inches

End Application:

C-17a; fwd inbd main gear; used o17p2a3911-551

Product Name:

Foam assembly, forward inboard main gear (lh)

Special Features:

Tape, erosion, polyurethane flat stock; 7.500 in wide, 47.000 length

Material:

Plastic polyethylene

Material Specification:

Dms2497, type 1, class 1, grade a mfr ref single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A536n0
