Material Thickness:

1.2500 inches

Mounting Hole Quantity:

8

Mounting Method:

Unthreaded holes

End Application:

1520-01-106-9519 helicopter, attack, ah-64

Reversible Feature:

Not included

Pin Removability:

Removable

Rising Pin:

Not included

Knuckle Quantity:

3

Knuckle Type:

Bushing

Material And Location:

Aluminum alloy, qq-a-225/6, alloy 2024

Product Name:

Hinge, pilot canopy door-upper fwd

Special Features:

Made from aluminum alloy plate stock, comp code 7050 t7451, 4.750 inches wide x 1.2500 inches thick; finish: a

Style Designator:

Butt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
