**Width:**

2.500 inches

**Thickness:**

0.160 inches

**Length:**

16.250 inches

**Mounting Hole Diameter:**

0.332 inches all holes

**Mounting Hole Quantity:**

4

**Mounting Hole Type:**

Unthreaded

**Corner Radius:**

0.250 inches

**End Application:**

Integrated family of test equipment (ifte)

**Product Name:**

Plate, rack adjoining

**Material:**

Aluminum alloy 6061

**Material Specification:**

Gg-a-200/8 federal specification all material responses

**Shape:**

Rectangular w/rounded corners

**Surface Treatment Specification:**

Mil-c-5541 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530d0

**Mil-std (military Standard):**

Mil-c-5541 spec.
