**Cross Sectional Shape:**

Recess, same shape as the periphery

**First Recess Inside Height:**

25.0 millimeters

**Securing Device Type:**

Threaded fastener

**End Application:**

NSN6-64-001-5471

**Corner Cut Type:**

Square

**Product Name:**

Right, down wall air condition pqas ecu

**Special Features:**

Shape irregular 1051mm l x 540mm w x 25mm with 147mm x 318mm cutout in upper right corner. Also has vertical slot cutout near center

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A531c0
