Cross Sectional Shape:

Recess, same shape as the periphery

First Recess Inside Height:

25.0 millimeters

Securing Device Type:

Threaded fastener

End Application:

NSN6-64-001-5471

Corner Cut Type:

Square

Product Name:

Rear middle wall

Special Features:

Shape irregular 568mm x 370mm x 25mm, angled cutout lower left corner

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
