End Application:

Engine maintenance stand

Wheel Quantity:

1

Surface Treatment And Location:

Painted frame

Effective Height:

26.250 inches

Product Name:

Caster assembly, modified

Special Features:

Assembly consists of part ms20364-820, qty: 5; part 200812024, lug nut, qty: 5; part number 200812036, fully threaded bolt, qty: 5; part number 200520767, wing nut, qty: 1; part number ms51971-5, nut, hex qty: 1; part ms171594, tee-handle, qty: 1; part number 200520653, tee-handle, qty: 1; part number 200520660, brake bar, modified, qty: 1; part number 200520667, swivel caster, qty: 1

Style Designator:

Swivel offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25600
