Width:

17.310 inches

Edge Shape:

Rectangle, no holes

Length:

17.64 inches

Body Thickness:

0.125 inches

End Application:

2350-01-405-9886

Special Features:

Protective finish per para 3.4 interior paint surface drawing 12350824, except waive pretreatment requirement.

Material:

Aluminum

Material Specification:

Stmb209 assn standard single material response or stmb928 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
