Major Outside Diameter:

Between 47.3 millimeters and 48.3 millimeters

End Application:

2355-01-572-7419; mine resistant vehicle

Stud Length:

49.0 millimeters and 49.5 millimeters all threaded stud

Product Name:

Isolator-rad asm (lord 2202-04)

Special Features:

Axial load thin socket is 1,357 n@1.3mm, axial load thick socket: 1,590 n @1.8mm; socket with diameter of 33.5/32.5mm diameter hole

Material:

Steel washer

Style Designator:

Round w/flange threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0
