Width:

1.000 inches

Overall Length:

40.000 inches

Length:

16.440 inches

End Application:

Integrated family of test equipment (ifte)

End Type:

W/attachment

Buckle Material:

Steel

Buckle Surface Treatment:

Zinc and chromate and bronze

Buckle Location:

Middle of strap

Fastened Buckle Feature:

Included

End Attachment/fastening Facility:

Buckle

Product Name:

Tie down, strap, webbing, over enter action fastener

Color:

Green, olive

Material:

Webbing, plastic, polyethylene

Material:

Webbing, plastic, polyethylene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T372-b
