Material Thickness:

0.063 inches

Mounting Hole Quantity:

6

Mounting Hole Type:

Unthreaded

Overall Diameter:

5.900 inches

End Application:

C-5 reliability enhancement re-engining system

Special Features:

Bolt holes equally spaced on 5.132 in. Diameter around outside edge of retainer, inside diameter 4.700; 0.27min 0.32maxdia hole

Material:

Rubber chloroprene class cr

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A546r0
