Hole Diameter:

0.198 inches

Material Thickness:

0.125 inches

Overall Length:

5.437 inches

Overall Height:

0.8750 inches

Overall Width:

1.812 inches

Width:

0.593 inches

Overall Length:

1.437 inches

End Application:

2355-01-531-6425 - electric spare tire winch

Hole Quantity:

2

Features Provided:

Adjustable

Engaging Surface Width:

1.250 inches

Engaging Surface Thickness:

0.250 inches

Product Name:

Adjustable draw latch

Catch Strike Style:

Mortise

Surface Hole Diameter:

0.138 inches

Surface Hole Quantity:

3

Special Features:

Screw size: no.6 and no.10; size: long - 6 7/8", wide - 1 13/16", projection - 7/8"; latch distance: 1 5/8" - 2 1/8"

Height:

0.250 inches

Color:

Silver

Material:

Stainless steel

Style Designator:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
