Width:

Between 4.470 inches and 4.500 inches

Thickness:

0.094 inches

Length:

Between 4.500 inches and 6.000 inches

Mounting Hole Quantity:

7

Mounting Hole Type:

Unthreaded

Corner Radius:

Between 0.250 inches and 0.280 inches

End Application:

Howitzer, light towed, 105mm, m119a1

Product Name:

Platform wall

Material:

Aluminum alloy 6061

Material Specification:

Astm b209 assn standard single material response or q-a-250/11 federal specification single material response

Surface Treatment:

Paint

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
