End Application:

Stern door as

Hole Shape:

Round

Product Name:

Clevis, female, rod

Special Features:

Cast or forged. 90000psi tensile. 60000 psi yield. Normalized and tempered to 170-210 brinell.

Material:

Steel

Style Designator:

Clevis

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A264a0
