Overall Length:

8.75 inches

Overall Width:

4.0 inches

End Application:

1733-00-0,5-4100

Product Name:

Bracket, upper support, aal door

Special Features:

Color is tan; thickness 0.125 inches; contains - one warning label, 1 finger support and 1 bracket;

Material:

Aluminum alloy 5052

Material Specification:

Astm b 209 assn standard single material response

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
