Center To Center Distance Between Mounting Facilities Parallel To Width:

2.640 inches

Overall Height:

1.300 inches

Mounting Hole Diameter:

0.310 inches

Sealing Method:

Mechanical and compression

Body Outside Diameter:

2.640 inches

End Application:

NSN2-32-001-5449

Mounting Method:

Plate and screw

Product Name:

Grommet, radio cables

Material:

Rubber body

Material Specification:

Astm d2000, -5bc614a14b14c12e034f19 assn standard single material response body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02000
