Width:

1.000 inches

Thickness:

0.120 inches

Length:

1.390 inches

Mounting Hole Diameter:

0.281 inches first hole

Mounting Hole Quantity:

1

Mounting Configuration:

Centered 0.500 in. From long edge and 0.500 in. From rounded (short) flat edge

Small End Head Angle:

60.0 degrees

Product Name:

Dwg: plate, lanyard mounting

Special Features:

L-shaped; lanyard hole is 0.375 in. In dia, centered 0.5 in. From long edge and 0.44 in. From rounded/raised edge

Color:

Tan

Material:

Steel comp 1008 or steel comp 1011

Material Specification:

Astm a1008 or astm a1011, carbon cs, type optional assn standard single material response

Surface Treatment:

Paint

Shape:

Oval

Surface Treatment Specification:

Fed-std-595, color no. 33446 tan federal standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
