## NSN 5340-01-612-9481

Seal Retaining Plate - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-01-612-9481

Mounting Hole Quantity:
28
Mounting Method:
Threaded counterbored mounting holes
Special Features:
Knurling; tooth depth 0.010; gaps; refer to drawing 753404 for detail
Material:
Aluminum alloy
Shape:
Round
Specification Data:
73030-qq-l-171 government specification
Specification Or Standard:
A grade
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A514c0
