Mounting Hole Quantity:

28

Mounting Method:

Threaded counterbored mounting holes

Special Features:

Knurling; tooth depth 0.010; gaps; refer to drawing 753404 for detail

Material:

Aluminum alloy

Shape:

Round

Specification Data:

73030-qq-l-171 government specification

Specification Or Standard:

A grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514c0
