Material Accommodated Thickness:

Between 0.125 inches and 0.156 inches

Hole Accommodation Diameter:

Between 0.478 inches and 0.494 inches

Product Name:

Plug, button, metal

Special Features:

Surface roughness 125; cadmium, zinc finish

Material:

Steel comp 1010 or steel comp 1050

Style Designator:

Standard

Specification Data:

97499-100-46standard manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A538u0
