**Cross Sectional Shape:**

Square or rectangular recess

**Width:**

12.0 inches

**Edge Shape:**

Rectangle, no holes

**Length:**

8.50 inches

**Securing Device Type:**

Hinge

**Product Name:**

12" x 8 1/2" fixed cover assembly, assembly rr

**Special Features:**

Assembly consists of (12) hinge, (2) brace, (1) fixed light cover plate, (1) rubber gasket, (4) quick pin release.

**Material:**

Stainless steel and rubber

**Material Specification:**

Qq-s-763, cl 316l, cond a federal specification 1st material response and astm a793, cl 316l, cond a assn standard 1st material response and mil-p-23460 opl military specification 1st material response and zz-r-765 federal specification 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A531n0

**Mil-std (military Standard):**

Mil-p-23460 spec.
