Width:

1.350 inches

Thickness:

0.125 inches

Length:

6.000 inches

End Application:

C-13-lcs

Product Name:

Lower reinforcement plate assembly

Special Features:

Three holes in plate, over 0.880 inch and 2.125 in center to center x 0.453 through holes. And two small holes each side 1 inch center to center x 0.130 thru.

Material:

Aluminum

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
