Width:

3.00 inches

Thickness:

1.50 inches

End Application:

Work boat

Core Length:

5.875 inches

Material And Location:

Zinc anode

Construction:

Solid

Product Name:

Anode, corrosion preventive

Style Designator:

Teardrop type with strap core

Weight:

4.4 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25200
