End Application:

Motor, ac; virginia class submarine, ssn-774

Product Name:

(inavy) balancing disk f.E.

Special Features:

Material is naval brass c46400

Material:

Copper alloy

Material Specification:

Astm b-21 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539r0
