**End Application:**

Motor, ac; virginia class submarine ssn-774

**Product Name:**

(inavy) balancing disk b.E.

**Special Features:**

Material: naval brass alloy c46400

**Material:**

Copper alloy

**Material Specification:**

Astm b-21 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539r0
