Overall Length:

6.080 inches

Overall Height:

4.500 inches

Overall Width:

2.000 inches

Material Thickness:

0.063 inches

End Application:

Apu mod kit, installation kit, p/n 4p99010-217b; c-5 avionics mod program

Product Name:

Bracket assembly, support

Material:

Steel comp 304l or steel comp 321 or steel comp 347

Material Specification:

Ams5647 assn standard single material response or ams5645 assn standard single material response or ams5646 assn standard single material response

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
