Thread Size:

0.250-20 unc first threaded portion

Distance Between Mounting Hole Centers:

5.000 inches

End Application:

NSN2-35-001-3050

Product Name:

Isolator

Special Features:

Six equally spaced screws on both upper and lower mounting plate

Height:

1.700 inches

Material:

Stainless steel spring

Material Specification:

Astm a276 assn standard single material response mounting plate assembly

Surface Treatment:

Passivate

Style Designator:

Rectangular w/wire rope

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0

Mil-std (military Standard):

Mil-w-83420 spec.
