Overall Length:

46.000 inches

First Leg Length:

5.000 inches

Second Leg Length:

5.000 inches

End Application:

NSN4-94-001-6190

First Leg Thickness:

0.400 inches

Second Leg Thickness:

0.400 inches

Hole Quantity:

19

Product Name:

Generator slide, mounting angle, left side

Material:

Steel

Material Specification:

Asme a36 national specification single material response

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
