Width:

1.75 inches

Thickness:

0.1875 inches

Length:

2.63 inches

Mounting Hole Diameter:

0.313 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

End Application:

4940-01-619-0916

Mounting Configuration:

Mounting holes are 0.875 along width. First hole is 0.438 along length and second hole is 2.188 along length

Product Name:

Generator slide, latch, back plate

Material:

Aluminum alloy 5052

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
