Overall Length:

2.325 inches

Overall Height:

0.515 inches

Overall Width:

1.453 inches

Material Thickness:

0.062 inches

Mounting Hole Diameter:

0.130 inches

Distance Between Mounting Hole Centers:

2.000 inches

End Application:

F-15sa

Center To Center Distance Between Cup And Mounting Hole:

1.000 inches

Product Name:

Retainer-two lug, high tensile nut

Material:

Steel

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 3 federal specification single treatment response

Style Designator:

Anchor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-a
