Overall Length:

22.0 inches

Mounting Method:

Threaded hole

Overall Height:

2.0 inches

Product Name:

Slide, altered, power supply

Special Features:

Next assembly 3654as7823-1; used on a/f37t-16a and a/f37t-24a; modify standard jonathan part number 145qd-22 by providing holes in the inner channel as shown; obliterate vendors part number without damage to part and reidentify by rubber ink stamp with black nomenclature as follows: part number / rev. Cage code contract no.

Material:

Aluminum

Style Designator:

2 - piece

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
