Flange Thickness:

3.0 millimeters

Thread Size:

M12 all threaded portions

Distance Between Mounting Hole Centers:

100.0 millimeters

Flange Length:

120.0 millimeters

Flange Width:

65.0 millimeters

Deflection At Static Load Rating:

Between 16.0 millimeters and 65.0 millimeters

Maximum Load Rating:

40.0 kilograms

Flange Mounting Hole Diameter:

9.0 millimeters

Product Name:

Type ve isolation mount

Height:

35.0 millimeters

Material:

Steel cup

Style Designator:

Round int. Threaded flange two-hole flange

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535s0
