Width:

6.00 inches

Thickness:

0.19 inches

Length:

6.00 inches

Mounting Hole Diameter:

0.26 inches all holes

Mounting Hole Type:

Thru hole

Next Higher Assembly Identification Designator:

Sat (standard automated tool system)

Next Higher Assembly Design Control Activity:

5b5m3

End Application:

4910-01-539-6129; container, standard

Usage Design:

Storage container

Product Name:

Top connection plate

Material:

Aluminum alloy 6061, type 6

Material Specification:

Astm b221 assn standard single material response

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
