Cross Sectional Shape:

Recess, same shape as the periphery

Width:

24.65 inches

Edge Shape:

Rectangle, no holes

Length:

25.69 inches

End Application:

4910-01-539-6129, container, standard

Product Name:

Plate assembly, top, tool rack frame

Special Features:

Contains: 1 each part number 06a8131009, plate, tool rack, 2 each part number: 06a8131010 drawer stop, 2 each part number ms35307-300 hex cap screw 1/4-20 x 1/2" s.S.

Material:

Aluminum alloy 6061, type 6

Material Specification:

6061-t6, iaw astm b209 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
