**Width:**

Between 1.99 inches and 2.01 inches

**Thickness:**

0.25 inches

**Length:**

Between 4.99 inches and 5.01 inches

**Mounting Hole Quantity:**

4

**End Application:**

4210-01-627-0524

**Product Name:**

Backing plate, airline manifold

**Special Features:**

Bracket has (4) mounting holes (2) with .257 inch through holes and (2) holes with .15 inch through hole, 10-24 unc-2b threading countersunk to .24 inches by 90 degrees on both sides.

**Material:**

Aluminum alloy 6061, type 6

**Material Specification:**

Astm b209 assn standard single material response

**Shape:**

Flat and rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530d0
