End Application:

4210-01-627-0524

Product Name:

Co2 bottle platform assembly

Special Features:

Material is heat treated to -t6.

Material:

Aluminum alloy 6061

Material Specification:

Astm b209 assn standard single material response

Shape:

Irregular and rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
