Overall Length:

13.750 inches

Overall Width:

9.375 inches

End Application:

Ttk-356/e37t-24

Product Name:

Plate, cover

Special Features:

Interior details, instrumentation and control cabinet, turboshaft engine test system

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539s0
