Overall Thickness:

0.179 inches

Product Name:

Bracket, exhaust manifold clamp

Material:

Steel

Material Specification:

Astm a109 (temper 3 through 5) a366, a569, a619 or a621 carbon steel assn standard single material response and astm a108 steel bar, low carbon, cf optional grade, conditional optional assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
