Hole Diameter:

Between 0.220 inches and 0.236 inches

Width:

1.000 inches

Overall Height:

1.500 inches

Material Thickness:

0.060 inches

Length:

1.130 inches

End Application:

Ballistic door, cvn 78 class aircraft carrier

Hole Quantity:

2

Mounting Method:

Unthreaded hole

Product Name:

Spring clip

Material:

Copper alloy

Material Specification:

Astm-b103b assn standard single material response

Style Designator:

U-shaped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
