Width:

1.0 inches

Thickness:

0.1 inches

Length:

1.0 inches

Material:

Aluminum alloy

Material Specification:

Ams-qq-a-250/11 assn standard single material response

Surface Treatment:

Chemical

Shape:

Square

Surface Treatment Specification:

Mil-dtl-5541 class 3 military standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-dtl-5541 spec.
