Inside Diameter:

2.000 inches

Overall Width:

Between 0.490 inches and 0.510 inches

Material Thickness:

0.048 inches

End Application:

2590-10-618-5030 interrogation arm assembly

Fastening Device Type:

Lug

Lug Hole Diameter:

Between 0.276 inches and 0.286 inches

Material:

Steel band

Material Specification:

Stm a1008 cs assn standard single material response band

Style Designator:

Single loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A12700
