Overall Length:

2.000 inches

Overall Height:

0.380 inches

Overall Width:

1.000 inches

Overall Thickness:

0.250 inches

End Application:

Door, qawt, 18x

Product Name:

Saddle

Special Features:

Radius of support center is 0.500 (nom)

Material:

Steel comp 304

Material Specification:

Astm a240, ty-304, cond-a, hw, fin-pkld assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
