Diameter:

0.500 inches

Length:

0.750 inches

End Application:

Door, sliding

Product Name:

Spring plunger

Special Features:

Thread size is 0.500-13; nose diameter is 0.281 in (nom); extended nose force is 6.0 lbs, and compressed nose force is 30.0 lbs

Material:

Steel comp 316

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T378-a
