Hole Diameter:

Between 0.287 inches and 0.337 inches

Overall Length:

3.250 inches

Center To Center Distance Between Holes:

2.250 inches

End Application:

2350-01-577-0830

Painted Feature:

Included

Product Name:

Loop, strap fastener

Special Features:

Protective finish per 19207-12577737, paragraph 2.4. Color is tan 686a, chip number 33446 per fed-std-595. Per astm b209 assn standard single material response . Handle clearance 0.283 inches min and 0.343 inches max. Mounting quantity/method 2 unthreaded holes

Material:

Aluminum alloy 5083

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T372-I
