Overall Height:

27.5 inches

Product Name:

Universal side of pole mount assembly

Special Features:

Specifications: 5052-h32 aluminum construction; stainless steel fasteners; withstands 50 ps (125 mph wind loads) ; high-tensile strength; corrosion; attractive brushed aluminum finish; universal design-models to hold from 1-6 modules; infinitely adjustable between 15-75 degrees; precision hole positioning and alignment

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
