Overall Height:
27.5 inches
Product Name:
Universal side of pole mount assembly
Special Features:
Specfications: 5052-h32 aluminun construction; stainless steel fasteners; withstands 50 ps (125 mph wind loads); high-tensile strength;
corrosion; attractive brushed aluminum finish; universal design-models to hold from 1-6 modules; infitely adjustable between 15-75 degrees
precision hole positioning and alignment
Material:
Aluminum
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A042a0
