Overall Length:

3.50 inches

Overall Width:

1.50 inches

Mounting Hole Diameter:

Between 0.654 inches and 0.666 inches

Mounting Hole Quantity:

4

Mounting Hole Type:

Thru hole

Overall Thickness:

0.25 inches

Product Name:

Bracket, switch

Special Features:

Total 4 through holes diameter: 3rd/4th holes minimum: 0.342", : 0.352"; 2nd hole dia: min. 0.154", max. 0.164"; 1st hole dia: min. 0.654", max. 0.666"

Color:

Black

Material:

Aluminum alloy

Material Specification:

Astm b 209 aa 5052, temper-h32 assn standard single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 2 class 2, black, optional type seal military standard single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-a-8625 spec.
