Cross Sectional Shape:

Flat

Width:

8.72 inches

Edge Shape:

Rectangle, one center hole

Securing Device Type:

Hinge

Corner Cut Type:

Round

Product Name:

Door, air filter

Special Features:

Nha: 57592-123 and used on: 8141050-10

Material:

Stainless steel

Material Specification:

Astm-a-366 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531n0
