**Product Name:**

Cap, protective pressure and dust

**Special Features:**

Item is an assembly and consist of two swaging sleeve part number 22712-2, one plate part number 900569-a-4, one sleeve part number ae99190e, one spr ae104488-278, one nut part number ae99503e, one wire part number 900803-1-1c, wire rope part number 015559-43-13 one seal part number ae18900-054 and one cap part number ae81804e.

**Material:**

Aluminum alloy

**Material Specification:**

Ams4120 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A539u0
