Product Name:

Cap, protective pressure and dust

Special Features:

Item is an assembly and consist of two swaging sleeve part number 22712-2, one plate part number 900569-4-4, one sleeve part number ae99190g, one spring ae104488-279, one nut part number ae99503g, one wire part number 900803-1-3c, one wire rope part number 015559-43-13, one seal part number ae18900-055 and one cap part number ae81804g.

Material:

Aluminum alloy

Material Specification:

Ams4120 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539u0
