**Edge Shape:**

Rectangle, no holes

**Securing Device Type:**

Hinge

**End Application:**

Air force satellite communications system (afscs) ground equipment

**Features Provided:**

Handle for opening, lifting, closing, or the like

**Criticality Code Justification:**

Feat

**Product Name:**

Afsatcom door assembly, console

**Special Features:**

Hardness critical item

**Nuclear Hardness Critical Feature:**

Hardened

**Fsc Application Data:**

Lru console

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531n0
